#### VIA EMAIL DATED SEPTEMBER 30 2014

Hi Tate,

A formal pedestrian count survey was not completed, but I did get the regional traffic engineer to review the location during a weekday with me in August to observe conditions. Based on his observations the pedestrian traffic at this location does not warrant a crosswalk under normal circumstances. As we talked during special events we can look at traffic control plans for moving pedestrians and vehicles safely on a case by case basis. If one of the representatives has an event we would be happy to work with them. Let me know if that helps for your meeting or if you need anything else. Thanks,

Re:

Parks Development Cost Charges - Kingfisher Ball Diamond

## **Recommendation:**

THAT the Commission approves increasing the local assist factor in order to keep the proposed DCCs at \$910 per residential unit;

AND THAT the Commission refers the "Fortune Parks, Recreation and Culture Service Development Cost Charge Bylaw No. 2598, 2013" to the Regional District of North Okanagan for three readings;

AND FURTHER THAT the Commission refers "Fortune Parks, Recreation and Culture Service Development Cost Charge Bylaw No. 2598, 2013" to the Regional District of North Okanagan for adoption, once approval is obtained from the Inspector of Municipalities.

OR

THAT the Commission approves increasing the proposed DCCs to \$1,530 per residential unit;

AND THAT the Commission recommends the new rate to Council and recommends that:

- THAT Council refer the "Fortune Parks, Recreation and Culture Service Development Cost Charge Bylaw No. 2598, 2013" to the Regional District of North Okanagan for three readings;
- AND THAT Council refer the "Fortune Parks, Recreation and Culture Service Development Cost Charge Bylaw No. 2598, 2013" to the Regional District of North Okanagan for adoption, once approval is obtained from the Inspector of Municipalities.

#### **Background/Discussion:**

Attached is the "Fortune Parks, Recreation and Culture Service Development Cost Charge Bylaw No. 2598, 2013". The bylaw is based on the approved Parks Master Plan and has proposed DCCs of \$910 per residential unit. The bylaw and Parks Master Plan were both approved by the Commission in 2011 and the bylaw rate was previously approved by Council. Currently DCCs are at a rate of \$500 per residential unit per the existing bylaw which was adopted in 1983.

As part of the approval process, the bylaw was forwarded to the Ministry of Community, Sport and Cultural Development for preliminary review. During the review process, Ministry staff have requested

that the unconfirmed grant, in the amount of \$403,200, for the Kingfisher Ball Diamond Acquisition be removed and the DCC amount be recalculated (attached is the Parks Capital Plan which includes the DCC calculation for reference).

By removing the grant, the proposed DCCs would increase from \$910 per residential unit to \$1,530 per residential unit. If the grant is approved in the future, the DCCs can be amended to include the grant and any extra DCCs collected can be applied to other DCC eligible projects.

In order to keep the DCCs at \$910, the assist factor would need to be increased from 1% to 41%. If a grant is obtained, it can be used to offset the increase to the Commissions portion of the project.

Below are the parks DCC rates that are charged to single family dwellings in surrounding communities:

 Salmon Arm
 \$ 1,056.66

 Sicamous
 1,683.00

White Valley 500.00 (rate established in 1997)

Greater Vernon 3,644.00

Before this change is made staff requires direction from the Commission as to whether the Commission would want to increase the DCCs to \$1,530 or if the Commission would want to increase the local assist factor to keep the DCCs at \$910. After this decision is made, the bylaw should be ready for Statutory Approval. Once this is done, the bylaw will be forwarded to the RDNO for adoption; however, if the Commission wishes to change the DCC rate the bylaw will first go to Council for approval.

# REGIONAL DISTRICT OF NORTH OKANAGAN

# **BYLAW No. 2598**

A bylaw to impose Development Cost Charges for providing and improving park land within the Fortune Parks District Designation Area 4

**WHEREAS** Section 933 [Development cost charges generally] of the Local Government Act, authorizes the Board of the Regional District of North Okanagan, by Bylaw, to impose development cost charges for the purpose of providing funds to assist the District to pay the capital cost of providing and improving park land, in order to serve directly or indirectly, the development for which the charges are imposed;

**AND WHEREAS** by Bylaw No. 1650, being the *Fortune Parks, Recreation and Culture Service Conversion and Service Establishment Bylaw No. 1650, 2000*, the District was authorized to exercise the powers of Section 933 in the member municipalities for the purposes of the Parks and Recreation function;

**AND WHEREAS** by Bylaw No. 546, the District imposed development costs charges for the purpose of providing and improving park land in the Fortune Parks and Recreation District Designation Area 4 (the "Development Area");

**AND WHEREAS** the City of Enderby and the Regional District of North Okanagan are desirous of increasing the Development Cost Charges imposed by Bylaw No. 546;

**AND WHEREAS** the Board has deemed the charges imposed by this Bylaw are related to capital costs attributable to projects included in the Financial Plan for the District;

**AND WHEREAS** the Board has taken into consideration the matters set out in section 934(4) of the *Local Government Act* and, in the opinion of the Board, the charges imposed by this Bylaw are consistent and compatible with the matters in section 934(4)(a) through (d) and, in relation to the following matters in section 934(4)(e), the charges:

- (i) are not excessive in relation to the capital cost of prevailing standards of service in the Development Area;
- (ii) will not deter development in the Development Area;
- (iii) will not discourage the construction of reasonably priced housing or the provision of reasonably priced serviced land in the Development Area, or
- (iv) will not discourage development designed to result in a low environmental impact in the Development Area.

NOW THEREFORE, the Board of the Regional District of North Okanagan, in open meeting assembled, hereby ENACTS AS FOLLOWS:

#### CITATION

1. This bylaw may be cited for all purposes as "Fortune Parks, Recreation and Culture Service Development Cost Charge Bylaw No. 2598, 2013".

#### **DEFINITIONS**

- 2. (a) For the purposes of this bylaw and the recitals hereto, words and phrases that are not defined in this bylaw have the meaning assigned to them in the *Local Government Act*.
  - (b) For the purposes of this bylaw,
  - "Duplex Housing" means a building designed and constructed exclusively to accommodate two households in separate dwelling units sharing a common party wall. It does not includes a secondary suite.
  - "Multiple Unit Housing" means a building used for duplex, triplex, fourplex, townhome or apartment housing, or manufactured homes within a mobile home park.

Commission Agenda

# THE CORPORATION OF THE CITY OF ENDERBY

# **MEMO**

To:

**Enderby & District Services Commission** 

From:

Tate Bengtson, CAO

Date:

Subject:

Digital Billboard Usage Policy

#### RECOMMENDATION

THAT the Commission requests that Council amend its Digital Billboard Policy to allow for a bulk discount of 75% for marketing of user-pay programs delivered by Recreation Services on behalf of the Commission;

AND THAT the Commission submits a sponsorship request to Council for marketing of recreation programming delivered by Recreation Services on behalf of the Commission for which no user fee is charged;

AND FURTHER THAT the Commission refers further consideration of how it may wish to use the Digital Billboard to budget.

#### **BACKGROUND**

Staff are seeking direction from the Commission with respect to usage of the digital billboard. The Commission may wish to consider and differentiate its direction based on the following types of use:

- Marketing for recreation programming delivered by Recreation Services for which there
  is a user fee. This would be programming for which the Commission enjoys a direct
  revenue benefit through fees charged for participation; and
- 2) Marketing for recreation programming delivered by Recreation Services for which there is no user fee. This would be programming for which the Commission does not enjoy a direct revenue benefit but for which there is a participation benefit in terms of usage of facilities; and
- 3) Announcements that fall within the Commission's mandate, but are not delivered by Recreation Services.

Obtaining Commission direction with respect to the first item is most time-sensitive; as a marketing tool, the exposure provided by the digital billboard will positively affect program participation, and thus Commission revenues. Staff recommend that the internal programming needs are funded within the existing budget; for the purposes of the budget transfer, and in light

of the fact that the existing weekly value was contemplated primarily as an in-kind value, staff propose a bulk discount of 75%. This discount would need to be approved by Council, which would result in an amendment to the Digital Billboard Policy.

With respect to the second item, as the Commission does not derive direct revenue but rather benefits from improving the usage of its facilities (which has an indirect revenue benefit in terms of fostering a *habit of use* that will create more long-term customers over time), Staff recommend that the Commission directs Recreation Services to make a sponsorship request to Council, consistent with the existing Policy.

Regarding the third item, as this is not time sensitive in terms of revenues or usage of Commission-owned facilities, the Commission may wish to refer this matter to budget to provide an opportunity for additional consideration, stakeholder dialogue, and analysis relative to the current year's expenses.

Respectfully submitted,

Tate Bengtson
