Councillor Shishido

Early Years – Coordinator position is no longer a contract position. It will be an employee position with the Resource Centre.

Councillor Davyduke

- Interagency Meeting – Sheryl Hay gave an excellent presentation. Connections are being made with the schools. The passion for her position really comes through.
- Attended the Business Walk de-brief.
- Grad Transition – There are some very talented youth out there. Councillor Davyduke made the students aware of scholarship opportunities that are available to all, not just academics.

- Kudos to Councillor Baird and her assistants in pulling off a great Christmas celebration weekend. It was nice to have the community dinner at the Splatsin Centre.

Mayor McCune

Sheryl Hay's presentation at the Inter-Agency meeting was excellent. It was alarming to hear that most kids are challenged to meet their daily exercise requirements. She is working with the schools to get the message across to increase exercise levels for the kids. There is an opportunity to work with Splatsin to introduce programs to them and to access their facility.

Councillor Case

- Grad Transition – Talked up the scholarship opportunities. Very impressed with the maturity and respectfulness of the students. "It appears that, in our old age, we will be in good hands".
- Trail Alliance round table discussions – There is a "Cumulative Effects Assessment Tool" being developed that will gather all the information needed when development happens to assist in the planning process. This tool will be invaluable to developers and municipal government.

ADJOURNMENT

Moved by Councillor Baird, seconded by Councillor Shishido that the Committee-of-the-Whole meeting adjourn at 4:35 p.m.
