Discussion:

Councillor Schreiner noted that there has been a lot of opposition to a non-medical cannabis retail store at this location. He stated that the approval of the application for Mary Jane Resource Centre was because there was a lot of community support for their application.

Councillor Davyduke stated that based off the information received she is not in support of this application.

Councillor Knust said that she did a lot of research on this location. The pub at 900 George Street has been in operation since 1947 with the Church starting in 1970. The Church chose to have a location next to a business that sells regulated products. The applicants pay the city a lot of taxes. However, due to the expressed opposition, she indicated that she cannot support this application.

Mayor McCune said that the challenges most communities are facing with these decisions is that we hear from a lot of people with different opinions. They hear from a lot more people than those who are attending the public hearing tonight, and there needs to be a balancing of the views. We hear from a lot of people who are in favour of this who are nurses and teachers and working professionals who are already purchasing this product. However, Mayor McCune does not agree with the Federal Government's implementation of legalized cannabis.

Councillor Case stated that a lot of people do use the product and want to purchase it in a safe, clean place and not be worried about where it came from. These residents will just take their business somewhere else if we do not have options available.

Councillor Baird commented that most retailers are going to struggle in the retail cannabis field. Price is a factor. If you are not growing it yourself and you are willing to purchase it, you are paying a premium for the product. As a result, the clientele is unlikely to be that which is being stigmatized here. The City does not want to lose business.

**Non-Medical Cannabis Retail License for the property legally described as PARCEL B (DD 179916F) BLOCK 13 DISTRICT LOT 150 KAMLOOPS (FORMERLY OSOYOOS) DIVISION YALE DISTRICT PLAN 211A and located at 612 Cliff Avenue, Enderby BC**  
Moved by Councillor Case, seconded by Councillor Baird

*“THAT Council supports the Earth to Sky Cannabis Company Ltd.’s request to operate a Non-Medical Cannabis Retail Store at the property legally described as PARCEL B (DD 179916F) BLOCK 13 DISTRICT LOT 150 KAMLOOPS (FORMERLY OSOYOOS) DIVISION YALE DISTRICT PLAN 211A and located at 612 Cliff Avenue, Enderby BC.*

*AND THAT Council gives third reading and adoption to The City of Enderby Zoning Bylaw No. 1550, 2014 Amendment Bylaw No. 1668, 2018.*

*AND THAT adoption of the bylaw shall come into full force and effect once the Ministry of Transportation and Infrastructure has endorsed the bylaw.*

*AND FURTHER THAT Council directs Staff to send correspondence to the Liquor and Cannabis Regulation Branch advising of the City of Enderby’s support for Earth to Sky Cannabis Company Ltd. request to operate a Non-Medical Cannabis Retail Store at the property legally described as PARCEL B (DD 179916F) BLOCK 13 DISTRICT LOT 150 KAMLOOPS (FORMERLY OSOYOOS) DIVISION YALE DISTRICT PLAN 211A and located at 612 Cliff Avenue, Enderby BC.*

Opposed Councillor Shishido, Knust, Mayor McCune

## Discussion:

Councillor Shishido stated that we should have said no to any requests straight across the board rather than picking and choosing.

Councillor Schreiner stated that the applicant Earth to Sky Cannabis Ltd. Is willing to invest a lot of money into the community.

Councillor Baird is in favour of the application.

Councillor Knust said that a lot of people keep saying that just because it is legal, that does not mean that it is good. But it is already in our community. People have grown it for years and will continue to do so but now have the ability to purchase it in a safe place.

Councillor Shishido stated that cannabis does cause damage to children’s brains up to the age of 25 and long-term studies have not been done. Cannabis exacerbates long term mental health issues. This will not stop black market sales.

Councillor Schreiner said that for every statistic against cannabis use, there is a statistic in favour of it. Depending on what you are looking for you can always argue both sides. We don’t know for sure that this is going to be a bad thing.

Councillor Shishido stated that it is scientifically bad due to the damage done to your lungs.

## THE CORPORATION OF THE CITY OF ENDERBY

Report of a **Public Hearing** held on January 21, 2019 at 4:38 p.m. in the Council Chambers of City Hall.

---

**Present:** Mayor Greg McCune  
Councillor Tundra Baird  
Councillor Brad Case  
Councillor Roxanne Davyduke  
Councillor Raquel Knust  
Councillor Brian Schreiner  
Councillor Shawn Shishido

Chief Administrative Officer – Tate Bengtson  
Chief Financial Officer – Jennifer Bellamy  
Planner and Deputy Corporate Officer – Kurt Inglis  
Recording Secretary – Laurel Grimm

---

Mayor McCune read the rules of procedure for the public hearing and introduced the following:

Non-Medical Cannabis Retail License Referral Applications for

- 612 Cliff Avenue; and
- 900 George Street

and, respectively, Zoning Bylaw Amendment Bylaws Nos. 1668 and 1666, 2018.

The Mayor provided an overview of the background information related to the Zoning Bylaw Amendment Bylaws and reviewed the order of proceedings, as follows:

- 1) Each Applicant will have an opportunity to address Council;
- 2) Written submissions from the public will be read by the Planner;
- 3) The floor will be opened public representations to be made before Council;
- 4) Each Applicant will be given a further opportunity to speak to matters discussed during the public hearing; and
- 5) The Planner will answer any questions of Council.

**Non-Cannabis Retail License for the property legally described as PARCEL B (DD 179916F) BLOCK 13 DISTRICT LOT 150 KAMLOOPS (FORMERLY OSOYOOS) DIVISION YALE DISTRICT PLAN 211A, and located at 612 Cliff Avenue, Enderby BC**

The Applicant was given the opportunity to address Mayor and Council.

- The front of the proposed location will remain as restaurant/commercial.
- The back of the proposed location would be the designated area for non-medical cannabis retail.
- The applicant, Sean Bruce-Hayes, spoke to his report addressing concerns surrounding security.
- Expressly stated he wanted to invest in the community and provide local jobs.
- Will be purchasing the building and making improvements.
- Hiring locally.
- Further opportunities down the road for additional development.

Mayor McCune asked the applicant whether the restaurant would be leased or if they would operate it themselves? The applicant stated that if someone were to come forward that expressed a deep interest in operating the restaurant, they would consider it. They are open to both options at the moment.

**Non-Medical Cannabis Retail License for the property legally described LOT 18, BLOCK 6, DISTRICT LOT 150, KAMLOOPS (FORMERLY OSOYOOS) DIVISION YALE DISTRICT, PLAN 211A and LOT 19, BLOCK 6, DISTRICT LOT 150, KAMLOOPS (FORMERLY OSOYOOS) DIVISION YALE DISTRICT, PLAN 211A and located at 900 George Street, Enderby BC**

The Applicant was given the opportunity to address Mayor and Council.

- The opposition for a non-medical cannabis retail store at this location was largely due to the close proximity to a church; in response to that opposition we would like to propose the following:
  - There are no windows or advertisements directly facing the Church.
  - Visibility is very limited.
  - Will work with the property owners to make sure we mitigate any impact as much as we can.
- Provincial regulations are very strict, and we will be abiding by all the rules.
- We have had no previous contraventions with the Liquor Board.
- This is a very centralized location.
- We know how to deal with regulated products and have cameras in place for security.
- All current staff has agreed to training
- Will create more jobs in the community. Currently have 7 Staff members, would be looking at hiring 7 more possibly.
- All our staff is local.
- The Pub has been closed down at this location and we have extremely high property taxes. This would allow us to expand our business and maintain a sustainable living.

**WRITTEN SUBMISSIONS:**

**Scott Hemenway, 154 Riverdale Drive and Enderby Evangelical Chapel**

- Does not support having a retail store so close to the church and the running of an after-school care program and youth programs.
- Submitted a Petition with 39 signatures, "That the Enderby City Council does not approve any new cannabis retail stores in Enderby."

**Zoe Tulak, 121 West Enderby Road**

- Does not want cannabis in town.
- This will only make our town worse.
- Wants to be proud to call Enderby home.
- Cannabis is bad for your health.
- Think about the future of your children.
- Wants to live in a safe place.

**Maguire Tulak, 121 West Enderby Road**

- Does not agree with having drugs in this town except for medical reasons.
- Taking drugs is like committing suicide. Could hurt themselves or someone else.
- Someone on drugs stole from our family
- Bible quotes from Ephesians 5:18 Proverbs 20:1

**Josie Tulak, 121 West Enderby Road**

- Does not want any bad stores in town.

**Sunnee Tulak, 121 West Enderby Road**

- Opposed to selling drugs in Enderby.
- It's very unhealthy.

**Francis Amendt, 1205 Northern Avenue**

- Do not want to see a cannabis shop open a the Bull Pen Pub.
- Too close to where there are children activities already in place.

**Amanda Harvey, 708 Cliff Avenue**

- Opposed to any cannabis retail location in the community.
- Have personally witnessed thefts where the liquor store employees had to chase an individual.
- Witnessed numerous intoxicated adults at this location.
- Have to continuously pick up empty beer bottles.
- Strong connections to the community and feel this will negatively impact everyone.

**Ian Morrison, 617 Cliff Avenue**

- Not in favor of any cannabis retail located downtown Enderby.
- This business type is not what I want to see as an example or direction of growth.
- Is a business owner and has investments in the community.
- Would like to keep the likes and resemblance of a Hallmark post card portraying the perfect small downtown core.

- One store has already been approved.
- Will parents feel comfortable having their children walk or bike past here? Or will the elderly want to view this?
- Questioning his investment in the community.

Wendy-Lee Pigeon, 406 Polson Avenue

- In support of the application at 900 George Street.
- Manager of the Liquor Store.
- All Staff are in favour of this application.
- Would be nice to see an empty space being used.
- We are equipped with a large parking lot and a good location not right in the downtown core.
- No attraction for minors around the premises and security cameras are in place.
- Believe a non-medical cannabis retail location is more neighbourhood friendly than a Pub.

Tanja Tulak, 121 West Enderby Road

- Against the retail sale of Cannabis at 900 George Street.
- Recreational cannabis is not a family friendly store.
- Is a health risk to the developing brain of a child.
- Angry that this application is coming forward to council for consideration after it was already told no.

Enderby & District Care Society

- Opposed to this location.
- Has been trying to reduce crime to their property and believe this application will only make matters worse.
- Does not agree with the location of Mary Jane Resource Center either.
- Does not believe the occupants of some of the buildings have been contacted in regards to this.

MEMBERS OF THE GALLERY:

Shelly Freund, #4-802 George Street

- Has applied to the province for a non-medical cannabis location at #4-802 George Street
- Does not believe it's viable to have 2-3 locations in a community this size.
- Asked that in a volatile market Council would consider not creating competition right from the start.
- Would be more viable in the future.

Wilf Pauls, 99 Bass Avenue

- Started the day with a great walk along the River.
- Went over Cannabis stats with Council in states that have legalized marijuana. (Accidents, homelessness, child medical care and pets demise have all increased)
- This is an opportunity to do what is good for our town.

Tanja Tulak, 121 West Enderby Road

- Our family tried to help a man who had an addiction who ended up stealing from our family.
- Asking to please not amend this bylaw.

Pearl Pauls, 99 Bass Avenue

- Was shocked that Council agreed to the application submitted by #4-802 George Street.
- What is good for our town? The Riverwalk, hiking, trails, tourism... these are things that will make our community thrive.
- Big companies are coming into our small town and exploiting us.
- It was said that people are against because it is fear based. Fear is a healthy emotion. We live in this community we know what works for us and what doesn't.
- Put our resources into helping people that need help.

Scott Hemenway, 154 Riverdale Drive

- Does not envy the job of Council.
- Appreciate this open forum
- One store is one too many.
- Has seen the effects cannabis has on families.
- If we are putting resources towards something can we please put it towards our families.
- We do not know what the ramifications of our decisions are going to be.

Ryan Levi, 1611 Cliffview Drive

- Youth Pastor at Chapel.
- Invested in the community.
- Just because cannabis is legal does not mean that it is the best thing for you.
- Children are exposed to this regardless of what we do, we need to provide a safe place for them not throw up our arms and give up.
- What should our influence be?

**Applicant for Non-Cannabis Retail License for the property legally described as PARCEL B (DD 179916F) BLOCK 13 DISTRICT LOT 150 KAMLOOPS (FORMERLY OSOYOOS) DIVISION YALE DISTRICT PLAN 211A, and located at 612 Cliff Avenue, Enderby BC**

- Thank you everyone for all the input.
- Through our community engagement process, we had a lot of positive feedback.
- We believe having more than one store in town is viable otherwise we would not be investing here.
- Competition is healthy for the community.
- Stated that personally he is not sure of the link between retail stores and accident statistics and concerns.
- Violent crimes have gone down significantly in States where cannabis has been legalized.
- As an operator it is our job to educate people.
- A "good community" is about the people who are in it, it shouldn't have anything to do with the retail stores. We have real experience in this area.
- We are not here to exploit anyone. We want to invest in the community and help it grow, spend money, create jobs, invest in the building.

- Went over current project in Maple Creek and working with the community to have everything just right even if this means a delayed opening.

Applicant for Non-Medical Cannabis Retail License for the property legally described **LOT 18, BLOCK 6, DISTRICT LOT 150, KAMLOOPS (FORMERLY OSOYOOS) DIVISION YALE DISTRICT, PLAN 211A and LOT 19, BLOCK 6, DISTRICT LOT 150, KAMLOOPS (FORMERLY OSOYOOS) DIVISION YALE DISTRICT, PLAN 211A and located at 900 George Street, Enderby BC**

- I believe that crime increases are attached to hard drug use and not recreational cannabis use.
- Competition is healthy in business.
- We respect whatever decision Council makes here tonight.

Councillor Schreiner stated that there is a misconception with the approval of Mary Jane Resource Centre. Council received several pages of a petition in support of this location. There was a lot of positive support.

Councillor Baird asked the applicant at 612 Cliff Avenue what the population of Maple Creek is. The applicant stated that it is similar in size to Enderby but has a large influx of tourists.

Councillor Knust questioned the property taxes at 900 George Street. This property pays a lot in taxes every year and the Church is exempt from taxes.

Councillor Shishido stated that Ian Morrison's summary was very well put together. Where are we trying to take this community? We need to use our morals and values to make these judgement calls. Where do we want to focus our resources?

Councillor Knust asked if there have been any nuisance complaints received since the legalization of cannabis? Deputy Corporate Officer and Planner stated there have not been any complaints of which he is aware.

Councillor Case asked if Earth to Sky has any rendered drawings for the vision of the building. The applicant said that as those drawings are quite costly they were waiting on approval before taking the next step.

The Mayor made his closing statement and declared the Public Hearing closed at 5: 45 pm.

Pursuant to Section 465 (6) of the <i>Local Government Act</i> , I, Tate Bengtson, Corporate Officer, hereby certify this to be a fair and accurate report of the Public Hearing held on January 21, 2019.

# Quarterly Policing Report

4<sup>th</sup> Quarter –October to December 2018

## Vernon North Okanagan Detachment

*Committed to preserve the peace, uphold the law and provide quality service in partnership with our communities.*

Superintendent Shawna Baher  
Officer in Charge  
Vernon North Okanagan Detachment  
3402 - 30<sup>th</sup> Street  
Vernon, BC V1T 5E5

Date: January 15<sup>th</sup>, 2019

**Re: Vernon North Okanagan Detachment Policing Activity Report – 4<sup>th</sup> Quarter 2018**

All crime statistics for specific areas are featured at the end of this report. Statistics reflect monthly totals for October to December 2018 with comparisons from the previous year.

The Vernon North Okanagan Detachment’s 2016-2019 Strategic Plan is drawing to a close. For the past three years, we have focused on the priorities of Crime Reduction, Communication and Road Safety. For the fourth quarter of 2018, we saw a 19.5% increase in Criminal Code offences as well as a 24.81% increase in Property Crime. Overall for the year of 2018 when compared to 2017, Criminal Code offences decreased by 0.1% and Property Crime decreased 3.72%. With regards to our road safety initiatives, road check-stops increased 30.43% and we had a decrease of 11.9% in alcohol related traffic enforcement. Moving forward, we will be reassessing our priorities and initiatives as we undergo our strategic planning for 2019-2022.

This quarter, the Vernon North Okanagan Detachment hosted the first Emergency Services Showcase at Polson Park which drew over 1000 school children and community members. The event involved displays by the Vernon Fire Department, BC Ambulance Service, Vernon SAR, and presentations by RCMP Air Services, PDS, SED ERT and Tac Team. As well, our police officers participated with the United Way Drive Thru Breakfast campaign in October, numerous Remembrance Day ceremonies throughout our communities in November, the opening ceremony for the Vernon Viper’s First Responder appreciation game and the annual Seaton

Secondary School students versus police dodge ball game in December. Over the holidays, we had police officers join in the festivities by serving at the annual Senior Luncheon in Enderby and the holiday cheer spread to our office where our employees contributed to collect gifts for deserving people in our community.

The Vernon North Okanagan Detachment has partnered with Interior Health on a pilot project at the Vernon detachment cell block in order to support individuals at high risk to overdose who find themselves involved with police. Over time individuals who abuse opioids develop a high tolerance to the drug through continued use and any break in their use pattern, such as a period of incarceration, may result in a reduced tolerance which would put them at greater risk of overdose. Naloxone is a medication that quickly reverses the effects of an overdose from opioids. Police Officers from the Vernon Detachment have been trained to offer Intra Muscular (IM) Naloxone kits and training to prisoners in custody as well as information regarding harm reduction services in the area such as the Opioid Agonist Treatment Team. Interior Health has provided the IM Naloxone kits free of charge and the training is provided by an on-line service [TowardtheHeart.com](http://TowardtheHeart.com).

This report reflects a representative sampling of our policing activities for the 4<sup>th</sup> quarter of 2018.

## **GENERAL DUTY**

- On October 6<sup>th</sup>, a police officer on patrol in Vernon was alerted to a person who was unconscious and unresponsive. The police officer immediately recognized the signs of an overdose and administered a nasal dose of Naloxone before beginning CPR on the person who began to breathe and regained consciousness.
- On October 7<sup>th</sup>, a police officer conducted a check of a vehicle on Anderson Way in Vernon. The driver attempted to obstruct the police officer by providing identification in a false name and then quickly fled from police. The driver was later identified and has been charged with dangerous operation of a motor vehicle and obstruction.
- On October 26<sup>th</sup>, police responded to a male threatening an employee of a local business in Vernon with a knife. The male was arrested and is facing charges of uttering threats and assault with a weapon.
- On November 30<sup>th</sup>, police officers on patrol in Vernon located a high risk offender believed to be responsible for property crimes throughout the Okanagan. A 40 year old male from Alberta was arrested and charged with flight from police, resist arrest and possession of stolen property over \$5000. The offender remains in custody.
- On December 19<sup>th</sup>, a police officer was conducting a foot patrol in Vernon when he was alerted to an unresponsive male who had been using drugs. The police officer administered a dose of Naloxone nasal spray to the individual and began CPR until a pulse was noted.

## **GENERAL INVESTIGATION SECTION (GIS)**

### **Serious Crimes Unit (SCU):**

The following report is a synopsis of some of the most recent investigations the Vernon Serious Crimes Unit has conducted. This report does not reflect all investigations the officers are working on nor does it include information which could impact ongoing police investigations or those which are of interest to, or under investigation by, other agencies. SCU investigators were predominantly tasked on complex ongoing investigations which were initiated outside of this reporting period. During this reporting period, SCU secured charges in relation to a 2017 homicide and a 2018 attempted murder investigation.

- On October 5<sup>th</sup>, SCU assumed conduct of a serious sexual assault investigation in Vernon. The investigators deployed the specialized sections of the Police Dog Service and Forensic Identification Section to the scene in an effort to identify the suspect. As well, a composite sketch was released to the public to seek information. The investigation continues.
- On October 17<sup>th</sup>, the BC Integrated Child Exploitation Unit (BC ICE) contacted SCU regarding possession and distribution of child pornography in Vernon. This investigation is ongoing.
- On December 3<sup>rd</sup>, SCU investigated information from BC ICE regarding the possession and distribution of child pornography. The investigation continues.
- On December 8<sup>th</sup>, SCU investigated an allegation of sexual interference between children. In conjunction with the Ministry of Children and Families, interviews were obtained with the

individuals involved. It was learned the incident occurred in another jurisdiction and the investigation has been assumed by the responsible policing agency.

- On December 20<sup>th</sup>, SCU investigated an alleged intimidation of a justice system participant. The investigation continues.

### **Domestic Violence Unit (DVU):**

DVU continues to monitor numerous files that are either in the court process or require a multi-agency response through the Integrated Case Assessment Team (ICAT). These files include situations where the offender used or threatened violence and where a high risk to the safety of the victim exists. For this quarter, there were five new ICAT referrals, bringing the total to 13 for the year. **RE: CEPF: 2018 Emergency Social Services Program – Approval Agreement & Terms of Conditions of Funding – IN CONFIDENCE**

Dear Mr. Bengtson,

Thank you for submitting an application under the 2018 Emergency Social Services funding stream under the Community Emergency Preparedness Fund.

I am pleased to inform you **in confidence** that the Evaluation Committee has approved funding for your project, *ESS Resiliency: Training And Equipment*, in the amount of **\$25,000.00**.

As outlined in the Program & Application Guide, grant payments will be issued when the approved project is complete and UBCM has received and approved the required final report and financial summary.

The Ministry of Transportation & Infrastructure has provided funding for this program and the general Terms & Conditions are attached. In addition, in order to satisfy the terms of the contribution agreement, we have the following requirements:

- (1) This approval agreement is required to be signed by the CAO or designate and returned to UBCM;
- (2) To provide the Province of BC with the opportunity to make announcements of funding approvals under this program, please keep information regarding this funding approval in confidence until February 1, 2019;
- (3) The funding is to be used solely for the purpose of the above named project and for the expenses itemized in the budget that was approved as part of your application;
- (4) All expenditures must meet eligibility requirements as defined in the Program & Application Guide;
- (5) All project activities must be completed within 12 months and no later than January 31, 2020;
- (6) The Final Report Form is required to be submitted to UBCM within 30 days of the project end date and no later than February 28, 2020;

*The Community Emergency Preparedness Fund is funded by the Province of BC*

- (7) Any unused funds must be returned to UBCM within 30 days following the project end date;
- (8) Applicants who submitted funding requests for Justice Institute of British Columbia Emergency Social Services courses are advised that if a course is approved for funding under the regular Provincial ESS training program, this cost will no longer be eligible through the CEPF grant. Applicants are also advised that the ESS Director's Course is funded by the Province and is not eligible for funding under CEPF. For more information on ESS training provided by EMBC please contact your EMBC regional manager.
- (9) The approved public bodies are required to comply with the Freedom of Information and Protection of Privacy Act (FoIPPA) and ensuring that any collected personal information about an identifiable individual as part of the approved project is compliant with the residency and sovereignty requirements of that legislation.

Please note that descriptive information regarding successful applicants will be posted on the UBCM and/or the provincial government websites, and all final report materials will be made available to the provincial government.

On behalf of the Evaluation Committee, I would like to congratulate you for responding to this opportunity to develop ESS capacity to support the resiliency of BC communities.

If you have any questions, please contact Local Government Program Services at 250-387-4470 or [cepf@ubcm.ca](mailto:cepf@ubcm.ca).

Sincerely,

Rebecca Bishop

Dear Committee Members:

**Re: Response to Inquiry into Transportation Networking Services**

Thank you for your further consideration of how best to introduce transportation networking (ride-sharing) services into the Province of BC. This response is provided by the City of Enderby, as endorsed by council resolution on January 21, 2019.

In small markets, such as that which exists in the City of Enderby, there is a need for flexible, affordable, safe, and reliable transportation options. It is in these small markets where there are the greatest limits in terms of transportation choices. Bus services are limited. Taxi services are limited to nonexistent.

The reason why buses and taxis are limited to nonexistent in small communities is simple economics; buses and taxis are costly to operate by nature.

This is why ride-sharing services offer an opportunity for the residents and businesses of Enderby, and other small communities: it can make economic sense to be a casual ride-sharing service operator in a small market, provided the barriers to entry are not prohibitory. Unfortunately, the proposed legislation creates barriers to entry which will hinder or prohibit ride-sharing in small markets.

The demand for ride-sharing will not be sufficient to generate full-time employment in small communities. As a result, those who wish to offer ride-sharing services are unlikely to participate if there are significant costs involved which exceed anticipated profits.

Market demand should determine the supply of ride-sharing vehicles, at least in small communities which are underserved by other transportation options. Given the casual nature of the work, which is likely to be only a few hours per week for most ride-sharing operators, relying upon the Passenger Transportation Board's "public convenience and necessity regime" to manage the supply of ride-hailing vehicles will limit the establishment of ride-sharing in smaller markets. This kind of regime seems particularly ill-suited to the "gig economy" that powers ride-sharing; it is very difficult to manage the supply of vehicles when the operators of those vehicles are, by definition, casual workers.

With respect to the appropriate class of drivers' license, requiring a Class 4 commercial license is not appropriate. The Class 5 drivers' license is sufficient for ride-sharing purposes, given that most persons offering ride-sharing services will likely be providing less than 10 hours of service per week. It is more appropriate for health and background checks to be managed by ride-sharing companies in conjunction with insurance providers, especially given that the latter has already indicated its intent to offer a distinct "usage-based" product for ride-sharing operators.

In summary, the City of Enderby takes the following positions:

- Market demand should determine the supply of ride-sharing vehicles, at least in small communities which are underserved by other transportation options.
- A Class 5 drivers' license is sufficient for operating a ride-sharing vehicle; more appropriate mechanisms available to ride-sharing companies and insurance providers should be used to obtain, more efficiently and effectively, the same benefits associated with requiring a Class 4 drivers' license.

Ride-sharing will help residents of rural BC to "age in place" by providing a flexible option to connect them with health care services when they are unable to drive. It will reduce Impaired driving, as Mothers Against Drunk Driving (MADD) has stated. It will improve the local economy by allowing residents to financially benefit from offering their services.

Small communities deserve flexible, affordable, safe, and reliable transportation options every bit as much as large communities. However, a one-size-fits-all approach to regulation will not allow ride-sharing to flourish in small markets where the economics are not so simple.

Sincerely,

Tate Bengtson  
Chief Administrative Officer  
City of Enderby

## Call for Local Government Resolutions

Jan. 23, 2019

UBCM's annual resolutions process provides a forum for local governments from across the province to express concerns and develop united positions. Resolutions that are endorsed by the membership at our annual Convention become policy for UBCM. Local governments are encouraged to submit resolutions for consideration by regional Area Associations at their annual meetings. Resolutions endorsed by Area Associations are submitted automatically to UBCM for consideration in September.

Area Association submission deadlines for 2019 are as follows:

- AVICC – February 7
- AKBLG – March 1
- SILGA – March 1
- NCLGA – March 7
- LMLGA – March 15

Please contact your Area Association for resolution submission procedures.

Local governments that adopt a resolution subsequent to an Area Association deadline may submit it directly to UBCM. The deadline for resolutions submitted directly to UBCM is June 30, 2019.

### Drafting Resolutions

Best practices guidelines for drafting resolutions are provided in the Resolutions Procedures section of the UBCM website. UBCM staff are also glad to provide support. Please contact Jamee Justason, Resolutions & Policy Analyst (604 270 8226 ext. 100) for assistance.
