| Subject: | COVID-19 Pandemic Emergency Meeting Provisions |

## RECOMMENDATION

THAT, for the duration of the provincial state of emergency made on March 18, 2020, Council directs staff to arrange for all regular and special meetings to be held electronically in a manner that is consistent with Ministerial Order M083 [Local Government Meetings and Bylaw Process (COVID-19) Order] sections 3 and 6, subject to the following mitigating measures designed to balance safety, expediency, openness, public participation, and business continuity;

AND THAT Council reinstates its regular meeting schedule beginning with the April 20, 2020 meeting;

AND THAT Council postpones Committee of the Whole meetings typically held prior to a regular Council meeting until such time as the pandemic emergency has resolved, and instead directs the Corporate Officer to arrange for special meetings to be held during that same time when the need arises, or at other times as necessary;

AND THAT Council, including its committees and commissions, postpones decisions on new or controversial initiatives not directly related to the emergency unless an alternative form of safe and meaningful public participation is provided that is proportionate to the initiative;

AND THAT Council only considers adopting a bylaw on the same day as third reading for matters that are urgent and related directly or indirectly to the emergency, including the financial plan and related bylaws;

AND THAT Council directs staff to post a summary of the decisions of Council, including its committees and commissions, on the City of Enderby website within 2 business days of the conclusion of a meeting that would normally be open to the public;

AND THAT Council directs staff to relocate its Public Notice Posting Place, as referenced in Council Procedure Bylaw No. 1506, 2012, from the public notice board in the inside foyer of City Hall to the lower entrance doors, for the duration of the public closure of City Hall, so that it may be more readily seen by the public;

AND THAT Council directs staff to limit public participation for all non-statutory public hearings, such as Development Variance Permits, to written and email submissions only, which shall be read out to Council during the meeting and for which the applicant will be given an opportunity to respond in advance in writing, which the applicant may choose to forego;

AND THAT Council only gives two readings to any Zoning Bylaw amendment and defers further consideration until a statutory public hearing may be conducted pursuant to Section 464(1) of the *Local Government Act*, unless Council determines that it is appropriate to waive the statutory public hearing in accordance with section 464(2), which is subject to the Zoning Bylaw amendment being consistent with the Official Community Plan;

AND THAT Council makes any waiving of a Zoning Bylaw public hearing conditional upon the applicant providing a release of all claims and staff providing notice of an alternative form of public participation involving written and email submissions and for which the applicant will be given an opportunity to respond in advance in writing, which the applicant may choose to forego;

AND FURTHER THAT Council only gives two readings to any Official Community Plan amendment and defers further consideration of such amendments until it is feasible to hold a public hearing and provide reasonable opportunities for consultation, or otherwise receives guidance from the Province on alternative methods with which the consideration of such amendments may proceed.

# BACKGROUND

In response to the COVID-19 pandemic, which has compelled Orders under the Public Health Act prohibiting mass gatherings and direction from the Public Health Officer regarding safe physical distancing, the ability to hold open meetings safely is no longer practicable.

Ministerial Order No. M083 of the Minister of Public Safety and Solicitor General ("M083", attached) provides three measures designed to enable the business of a municipality to continue during the provincial declaration of a state of emergency made on March 18, 2020. References to the sections of M083 are enclosed in brackets.

- 1. A Council is not required to allow members of the public to attend an open meeting (Section 3).
- 2. All of Council may participate in a regular or special meeting through electronic or other remote means provided that the meeting's participants can hear, or watch and hear, each other, but there is not a requirement to provide the facilities to enable the public to hear, or watch and hear, the participation of Council (Section 6).
- 3. Council may adopt a bylaw on the same day that it has been given three readings (Section 9).

While conducting meetings in exceptional times necessitates flexibility, broader principles of open government, including public participation, should continue to be applied to the ordinary business that must continue. Good government in a time of emergency involves, to the extent

### Page 2

# Page 7 of 36

reasonably possible without compromising safety, response, and recovery objectives, the continuance of the ordinary business that remains crucial to the progress and well-being of the community.

Staff are recommending a set of policy resolutions to balance flexibility and openness for the ordinary and extraordinary business that may be considered at Council meetings during the pandemic emergency. These resolutions are likely to evolve in response to changing circumstances, including the nature of the emergency, further orders, legislation and guidance from senior government, the City's own business continuity needs, and further technical review.

The following policy resolutions are proposed and, subject to Council's acceptance, will provide guidance for how staff formulate recommendations around development matters, bylaw adoption, and public participation more broadly.

- That Council, for the duration of the provincial state of emergency made on March 18, 2020, directs staff to arrange for all regular and special meetings to be held electronically in a manner that is consistent with Ministerial Order M083 [Local Government Meetings and Bylaw Process (COVID-19) Order] sections 3 and 6, subject to the below mitigating measures designed to balance safety, expediency, openness, public participation, and business continuity.
- 2. That Council reinstates its regular meeting schedule beginning with the April 20, 2020 meeting. Council should note that this will be evaluated on an ongoing basis due to the changing context of the emergency and City staff's capacity. However, under the Council Procedure Bylaw, two consecutive Council meetings may not be cancelled. Staff are evaluating whether this provision should be amended temporarily so as to provide for an ongoing set of special meetings called as and when needed but believe that there is value in maintaining a normal schedule of meetings until such time as it is no longer possible or practicable.
- 3. That Council postpones Committee of the Whole meetings typically held prior to a regular Council meeting until such time as the pandemic emergency has resolved, and instead directs the Corporate Officer to arrange for special meetings to be held during that same time when the need arises, or at other times as necessary.
- 4. That Council, including its committees and commissions, postpones decisions on new or controversial initiatives not directly related to the emergency unless an alternative form of safe and meaningful public participation is provided that is proportionate to the initiative.
- 5. That Council directs staff to post a summary of the decisions of Council, including its committees and commissions, on the City of Enderby website within 2 business days of the conclusion of a meeting that would normally be open to the public.

- 6. That Council only uses the provisions around the adoption of a bylaw on the same day as third reading for matters that are urgent and related directly or indirectly to the emergency, including the financial plan and related bylaws.
- 7. That Council directs staff to relocate the Public Notice Posting Place, as referenced in the Council Procedure Bylaw, from the public notice board in the inside foyer of City Hall to the lower entrance doors for the duration of the public closure of City Hall, so that it may be more readily seen by the public. The Public Notice Posting Place is where a schedule of meetings and agenda covers are posted for public viewing, among other items.
- 8. That Council directs staff to limit public participation for all non-statutory public hearings, such as Development Variance Permits, to written and email submissions only, which shall be read out to Council during the meeting and for which the applicant will be given an opportunity to respond in advance, which the applicant may choose to forego.
- 9. That Council only gives two readings to any Zoning Bylaw amendment and defers further consideration until a statutory public hearing may be conducted pursuant to Section 464(1) of the *Local Government Act*, unless Council determines that it is appropriate to waive the statutory public hearing in accordance with section 464(2), which is subject to the Zoning Bylaw amendment being consistent with the Official Community Plan.

In the event that the public hearing is waived, Council directs staff to provide notice of an alternative public participation opportunity through written and email submissions only, which shall be read out to Council during the meeting and for which the applicant will be given an opportunity to respond in writing in advance, which the applicant may choose to forego.

For the waiving of a statutory public hearing, that Council makes it conditional upon the applicant signing a release agreement, to the satisfaction of the City, waiving any right to proceed with a legal claim for reasons including but not limited to any duty of fairness that may arise from a modified public participation opportunity or a limited ability to make a representation before Council.

10. That Council only gives two readings to any Official Community Plan amendment and defers further consideration until it is feasible to hold a public hearing and provide reasonable opportunities for consultation, or otherwise receives guidance from the Province on alternative methods with which to proceed.

With respect to the above recommendations that speak to development matters, the intent is to provide two readings so that Council may evaluate an amendment so as to determine its suitability for advancing to a future public hearing, which will help prevent development matters that are complete non-starters for Council from being left in limbo. Given that an Official Community Plan amendment requires the highest degree of public participation and consultation, there does not appear to be a reasonable way to meet the legislative requirements

Page 4

Page 9 of 36

for adoption until such time as the emergency has been resolved or the Province provides temporary authority through regulation or ministerial order for alternative procedures.

With respect to all of the above matters, and decision-making more generally, the Mayor has a unilateral right and the Council has a majority right to reconsider matters decided at a prior meeting, subject to the conditions and limitations of the *Community Charter* and the Council Procedure Bylaw.

As mentioned above, these recommendations are likely to evolve in response to changing circumstances, including the nature of the emergency, further orders, legislation and guidance from senior government, the City's own business continuity needs and further technical review. The intent is to provide a "starting point" for the conduct of extraordinary and ordinary Council business in a time of emergency.

Respectfully submitted,

Tate Bengtson Chief Administrative Officer

  - (a) section 221 [electronic meetings and participation by members] of the Local Government Act,

page 3 of 4

- (b) the Regional District Electronic Meetings Regulation, B.C. Reg. 271/2005, and
- (c) any applicable requirements in a regional district procedure bylaw of a board,

a board or a board committee established under section 218 [appointment of select and standing committees] of the Local Government Act may conduct all or part of a meeting of the board or committee by means of electronic or other communication facilities.

- (2) A member of a board or board committee who participates in a meeting by means of electronic or other communication facilities under this section is deemed to be present at the meeting.
- (3) Section 2 (2) (d) and (e) [electronic meetings authorized] of the Regional District Electronic Meetings Regulation does not apply in respect of a meeting conducted by means of electronic or other communication facilities under this section.

#### Electronic meetings - Vancouver

- 8 Despite
  - (a) section 164.1 [meeting procedures] of the Vancouver Charter,
  - (b) the City of Vancouver Council Electronic Meetings Regulation, B.C. Reg. 42/2012,
  - (b) any applicable provision in the Vancouver procedure bylaw,

the Vancouver council or a body referred to in section 165.7 [application to other city bodies] of the Vancouver Charter may conduct all or part of a meeting of the council or body by means of electronic or other communication facilities.

- (2) A member of the Vancouver council or other body who participates in a meeting by means of electronic or other communication facilities under this section is deemed to be present at the meeting.
- (3) Section 2 (2) (c) and (d) [electronic meetings authorized] of the City of Vancouver Council Electronic Meetings Regulation does not apply in respect of a meeting conducted by means of electronic or other communication facilities under this section.

#### Timing requirement for bylaw passage - municipalities

9 Despite section 135 (3) [requirements for passing bylaws] of the Community Charter, a council may adopt a bylaw on the same day that a bylaw has been given third reading.

#### Timing requirement for bylaw passage - regional districts

10 Despite section 228 [bylaw adoption at same meeting as third reading] of the Local Government Act, a board may adopt a bylaw described in that section at the same meeting at which the bylaw passes third reading if the motion for adoption receives the majority of the votes cast.

# THE CORPORATION OF THE CITY OF ENDERBY

# MEMO

To: Mayor and Council

From: Tate Bengtson, CAO

Date: April 1, 2020

Subject: Acting Mayor Order of Succession

# RECOMMENDATION

THAT Council resolves to designate the following rolling order of succession for Acting Mayors:

- Councillor Case
- Councillor Baird
- Councillor Knust
- Councillor Davyduke
- Councillor Schreiner
- Councillor Shishido

# BACKGROUND

Section 130 of the Community Charter and section 8 of the Council Procedure Bylaw require that Council designate an Acting Mayor from amongst its members. Historically, the Acting Mayor role has been designated on a rotating basis in the City of Enderby. The Acting Mayor is responsible for acting in the place of the Mayor when the Mayor is absent or unable to act, or when the office of Mayor is vacant. By convention, a single Councillor has been designated to serve as Acting Mayor at any given time.

In the event of a declaration of a state of local emergency being required (for instance, if a local flooding or wildfire emergency occurred during the Provincial pandemic emergency), it must be issued by the order of the Mayor or the resolution of Council. Typically, such declarations are issued by order of the Mayor given the urgency.

During a time of pandemic emergency, when there is a greater likelihood of incapacity by several elected officials at a given time, there is a risk of both the Mayor and Acting Mayor being unable to act and Council being unable to obtain the quorum necessary to designate an Acting Mayor or resolve to make a declaration of a state of local emergency. In the event that such a scenario were to arise, the City's emergency response may be compromised.

Given these scenarios, staff are proposing that Council designate an order of succession for the Acting Mayor role. Given that the Acting Mayor role rotates, the order of succession is

proposed on a "rolling" basis. The proposed order is based on the length of tenure of the elected official and then alphabetically by last name, as follows:

- Councillor Case
- Councillor Baird
- Councillor Knust
- Councillor Davyduke
- Councillor Schreiner
- Councillor Shishido

Under the "rolling" provision, if Councillor Schreiner is the current Acting Mayor and unable to perform the role when needed, Councillor Shishido would be the next in the order of succession and would assume the Acting Mayor role, then Councillor Case, and so on.

Attached to this memorandum is the current Acting Mayor Schedule.

Respectfully submitted,

Tate Bengtson Chief Administrative Officer

| To:      | Mayor and Council   |
|----------|---|
| From:    | Tate Bengtson, CAO  |
| Date:    | April 1, 2020   |
| Subject: | Designation of Local Government Liaison Pursuant to the Public Health Act |

### RECOMMENDATION

THAT Council designates the Chief Administrative Officer as the Local Government Liaison pursuant to Section 83 of the *Public Health Act*;

AND THAT Council directs staff to send notice of the designation to the regional health board having authority over the area that includes the City of Enderby.

### BACKGROUND

Section 83 of the *Public Health Act* requires that a local government designate a liaison and provide notice to the regional health board having jurisdiction. The liaison does not have enforcement capabilities and is primarily designed to report and communicate with health officers; however, the nature of the role may evolve in response to the pandemic emergency.

As the Chief Administrative Officer also serves as the Director of the Emergency Operations Centre, under which a Liaison Officer may be appointed for inter-agency contact and coordination, the liaison designation will be consistent across emergency and non-emergency situations.

Respectfully submitted,

#### THE CORPORATION OF THE CITY OF ENDERBY

MEMO

Subject: 2020 Proposed Budget

## **Recommendation**

THAT Council reviews the attached budgets and specifies any amendments it wishes to make for inclusion in the Financial Plan Bylaw;

AND THAT Council directs staff to defer any non-essential budgeted expenditures until sufficient cash flows are available through the related revenue source.

### **Background/Discussion:**

Several challenges were presented during the development of the 2020 budget due to the uncertainties surrounding COVID-19. Operating expenses need to be adequate to continue to provide essential services, while cash flow shortages may arise if taxpayers are unable to pay. Non-critical services have been reduced operationally during this time (i.e. recreation, tourism, events, etc.), but in the event that these services need to ramp up, budgeted expenditures need to be sufficient to provide the ability to do so.

To help mitigate the risk of a cash flow shortage, budgeted expenditures for non-essential services will be deferred or limited until sufficient cash flows are available through the related revenue source.

The attached 2020 Taxation/User Fee Impact spreadsheet provides a summary of the budget impact to the average home. Overall the budget proposes a 0.4% decrease, which amounts to a decrease of \$7.83 for the average home. The proposed budget has been reviewed with the Finance Portfolio.

### 2020 Budget - General

The overall proposed net property taxation change for the City is 0%. Although expenditure increases are required to continue to provide services, a 0% tax increase was made possible due to operational efficiencies and by leveraging an increase to the Small Community Grant. This is an annual grant provided by the Province to help offset costs for small communities.

Another item to note is that as a result of the governance review of the RDNO Fortune Parks service, the scope of services shared with Area F have been reduced and there are now services that will be solely funded by the City. The cost increases associated with these items will be offset by the decrease in the requisition amount to the RDNO so the net impact will be zero for taxpayers.

The attached Comparison of 2020 Budget vs 2019 Budget - General provides a summary of the changes broken out into operating, special projects, and capital projects.

- Total operating costs have increased by \$65,834 for 2020.
  - Executive expenses have remained consistent with the 2019 budget. To accomplish this, the amount included for the FCM conference has been removed from the Council conventions line item and the Social Planning budget amount previously at \$10,000 has been reduced to \$6,000 to reflect historical usage. For Council conventions, only the amount previously budgeted for FCM has been removed, although there may be further cancelations to other conventions.
    - During the budget review with the Finance Portfolio, the possibility of creating a Community Recovery/Response fund through the use of unused convention expenses was discussed. By reallocating funds for SILGA and UBCM, \$25,000 could be used for this initiative. This is reflected in the budget as presented.
  - Administration expenses have increased by \$11,968 for 2020. The budget line item for administration wages normally has an offsetting amount equal to the administration fees charged to the Fortune Parks service. With the reduced scope of the service, the administration fees charged have also been reduced, resulting in the appearance of a higher than normal increase for 2020. This increase will be offset by the decrease in the requisition amount from the RDNO. Other amounts included in this line item include:
    - A \$7,000 increase to bylaw enforcement for increased coverage with the new contract.
    - Removal of the Visitor Centre Management Fee and the contribution to the River Ambassadors totaling \$8,000 as these are now funded through the Tourism and Community Engagement section.
    - Also included in the administration budget line are the Donations & Grants for 2020 (see attached listing).
  - Transportation (Public Works) expenses have increased by \$36,774, primarily due to increased costs for snow removal. Non-labour related snow removal costs were budgeted at \$54,000 in 2019. The 2020 actual costs to date are over \$60,000. As snow removal costs are continually increasing, budgeted expenses have increased to help properly fund them.
  - Refuse expenses have decreased slightly due to the decrease in contractor costs.
  - City Parks Services have increased by \$18,470 primarily due to the change in the scope of services with Fortune Parks. The City is now responsible for fully funding the Riverwalk and Tuey Park, and the costs associated with maintenance have been added. Also note that \$3,000 has been included to expand the parking at Tuey Park. These additional costs will all be offset by the decrease in the RDNO requisition.
- Special Projects
  - A breakdown of the special projects for 2020 are listed on the Recap of Capital and Operating Projects Funding Sources spreadsheet, along with the related funding sources.
- Capital
  - The larger capital projects for 2020 are the Hubert Avenue and 3<sup>rd</sup> Avenue Rehabilitations, using the funding strategies previously approved by Council.
  - A 1% increase to Asset Management reserves has continued to be included to help meet the City's Annual Capital Investment required to properly fund asset replacement.

• An additional reserve amount has been included for Parks for \$15,000. The City previously contributed to a Parks Plan reserve under the Fortune Parks service, which was removed during the governance review. This amount will be funded through the decrease in the requisition amount from the RDNO.

The net increase in expenditures after operating efficiencies is offset by the increased revenue from the Small Community Grant and additional taxation revenue from non-market change (i.e. new construction). The attached Tax Impact Summary provides a summarized breakdown of the tax impact of each service and also includes optional items for Council to consider. The following are optional items not represented in the budget:

- Women's Health Grant (\$500) this was referred to budget by Council at the December 16, 2019 meeting. It is not known if this convention has been cancelled.
- 2. Increase funding for Feature Tree Light Up (\$2,000 increase) The Finance Portfolio has recommended that a scaled back Feature Tree Light Up limited to \$1,000 be included in the budget. If Council wishes to increase this amount to \$3,000, an extra \$2,000 will be required, resulting in a 0.1% tax increase to fund this. Note that there have not been any funds allocated to enhance the lighting on City Hall. If Council wishes to add funds for this initiative, an additional tax increase will be required.
- 3. Reallocate increase in Small Community Grant to Asset Management (\$25,000) staff were originally going to recommend that this amount be allocated to Asset Management consistent with policy; however, given the COVID-19 pandemic, the draft budget proposes using it to offset a needed tax increase. Council may choose to allocate this funding elsewhere, which would require up to a 1.6% tax increase to do so.

## Budget 2020 - Protective Services

- Operating Costs have increased by \$2,050 for 2020. This increase is primarily due to the previously committed increases to hourly wages. Included in this line item is also the budget for Emergency Management, which has been reviewed by the Emergency Management Executive Committee.
- Special Projects
  - A breakdown of the special projects for 2020 are listed on the Recap of Capital and Operating Projects Funding Sources spreadsheet. The larger projects included here are:
    - Flood Mapping and Risk Assessment \$130,750 (grant funded plus in kind contributions)
    - Emergency Operation Centre Equipment \$25,000 (grant funded)
    - Fire Department Splash Pad Repairs \$30,000 (cost shared with Shuswap River Fire Protection District with the City portion funded through reserves).
- Capital Projects
  - The contributions to equipment reserves are adequate at this time to fund scheduled apparatus replacement, including the new fire truck scheduled for 2022.

# Budget - 2020 – Tourism / Community Engagement

This budget matches what was previously approved by Council at the March 2, 2020 meeting, with one exception. The City has received approval in the amount of \$3,600 from the Celebrate Canada grant for Canada Day celebrations, to fund a fireworks display. This amount has been added to the Community Events line item with an offset to Conditional Grants.

## Budget - 2020 - Fortune Parks/Animal Control/ Cemetery

These are the budgets approved by the Enderby & District Services Commission on February 14, 2020 and have been advanced to the RDNO for inclusion in its budget.

#### Budget 2020 - Sewer

- Operating Costs have decreased by \$40,535 for 2020. These savings have been realized primarily through the increased certification levels of staff resulting in the ability to eliminate contracted chief operator oversight that was required previously.
- Special Projects a breakdown of planned projects is attached. Increased dollars will be required for lift station renewals for 2019 and 2020. In order to fund these, a portion of the savings realized from operating costs have been reallocated to special projects.
- Capital Projects
  - A breakdown of the capital projects for 2020 is attached.
  - A 1% increase to asset management reserves has continued. Contributions to reserves have also increased for 2020 as debt payments from a loan that had matured in 2019 have been reallocated to asset management consistent with policy.

The draft budget proposes a 5% decrease to user fees, and a 1.2% increase to frontage tax. This amounts to a decrease of \$11.14 for a home with 100 feet or more of frontage.

#### Budget 2020 - Water

- Operating Costs have increased by \$4,544 for 2020 due to minor adjustments to various operating accounts.
- Special Projects A list of projects planned for 2020 is attached.
- Capital Projects
  - A listing of the 2020 capital projects is attached.
  - A 1% increase to asset management reserves has continued.

The draft budget proposes a 0.0% change to residential user fees and a 1.9% increase to frontage tax. In total this amounts to an additional \$5.00 for a home with 100 feet or more of frontage. Actual user fees for water were underbudget in 2019 due to a lower usage year. The user fees are set so higher fees collected in higher usage years are used to offset lower usage years. At this time staff are not recommending any changes to the user fees, but this may need to be revisited next year.

Any adjustments Council wishes to make will be reflected in the budget provided for public consultation. Due to the social distancing measures in place, the public will be invited to provide written submissions on the budget. Any written submissions received will be read to Council at the May 4, 2020 meeting.

Respectfully submitted.
