enderby	45-64	0-5	20-times	outdoor-pool,outdoor-gym,washrooms,spray-park,skatepark,playground	Pump track - like they have in Vernon beside indoor pool and like they have in Sicamous. The skate board park is an eye sore and dangerous. The pump track would give kids in Enderby something to actually do, they even have competitions which maybe Enderby could host. The one in Sicamous brings in so many people from all over the world to compete. I have taken my grandson who is only 4 to Sicamous,Vernon and the Kamloops Pump Tracks. There are so many people using these from little kids to adults. You can bike skateboard or even Scooter on these tracks.	Skateboard park, it is awful! See above! PUMP TRACK	Pump Track!

A water fountain, so kids stop drinking from the water park. At least two more picnic tables.	The Antique area. Maybe more picnic tables around it? Or a play park near it.	Safety. Have the play structures need to be labeled for age appropriateness, I have witnessed parents leaving their toddlers unsupervised on the play structures, assuming it is safe...but the structure is clearly meant for 5 year olds in the upper area. The toddler then fell from the upper area when no one was looking. Being able to see the playpark from the pool area...some parents, I have noticed, tend to let their kids play in the playpark while their siblings are having lessons.

					1. More shade trees! Plan for what they will look like in 50 years. Oak, or the larger maples, or London Plane trees. See Nelson's Lakeside Park for what beautiful old trees look like around a playground. They have some huge old maple and London Plane trees that shade the park but are tall enough that the canopy is high and bright. 2. More places for parents to sit near the playground, where adults can visit while kids play. 3. More playground features. Make it a destination playground, a favourite in the whole valley. Have you seen the Nakusp playground? Check it out. Multiple stations for various ages, and not just the usual metal prefab type. Our kids LOVE it there. Nelson is also good with shady spots and several stations. Get something unique. More ramps for walking upward (with nets on the side). Longer slides.	Skate park. What a prime spot and we never see kids in skateboards at the park. Take it out and put in whatever extra space or amenities would benefit the new pool. We are really looking forward to the pool.	After reorganizing the skatepark space (above), then it is trees and beautification through landscaping. Nothing fancy, just nice places to sit and visit while kids play. We would stop for our picnics there more often if it was shadier and had more seating for adults near where the kids play. It will also be great to still have at least some large open space for running and playing. If the old pool is taken out then please plant a row of trees as a privacy screen so that space in the park can be a bit protected from the eyes on the highway. It will be nice to keep the parking on that side. Maybe turn some of the pool area into a picnic site (again with shade trees) where people can meet and share a table. Maybe part of it covered? It could be a site to share a birthday party or have a kids gathering, or do art in the park! Another feature that we often use in parks that would be nice is some outdoor games areas. For example a walking maze (see Nelson's Lakeside), or outdoor checkers, or things that parents and kids can play together. Thanks!!! We have often wanted to share our ideas. We love the park but know if can be so much better.

It is ver y seldom I see anyone at either place. I don't know of any way to improve the Muzebo but the skatepark should be replaced with a pump track.	Once again I have to say replacing the skatepark with a pump track would be a huge improvement in my point of view.

					I would love to see community garden boxes where the decommissioned pool is. Brings in all ages, the water infrastructure is already there. I ran a project on Vancouver Island for several years (got national media attention) and we were featured in a documentary called gardening for the mind. Youth need more than sports and arts. Food scarcity and rising prices make community gardens and food forests so important. I would love to be involved if this is possible.	The museum. As wonderful as our heritage is, the fencing makes it not something that can interacted with. A redesign for kids friendly farm theme space where they can have hands on experiences with things like tractors, diggers etc. A large sand pit pile under this cover would be amazing! The ones at local festivals are a HUGE hit.	
enderby	45-64	6-12	1-10-times	outdoor-pool,spray-park,open-space,playground,washrooms		Another option is a dog friendly area fenced in. Lots of dogs using play spaces they shouldnt. As a dog owner it is important to have a space I can bring them. Most beaches are off limits and nature areas are sensitive. Dog parks are highly social and great for seniors to exercise their pets safely.	Shade areas, more trees, fruit trees l, native plants, even better to make a community food forest. enderby	45-64	6-12,13-18	10-20-times	outdoor-pool,washrooms,spray-park	Should've enclosed the pool and put a year round ice rink in there along with a fitness with a recreation hall/multipurpose/gym rooms for to be used all year around. Short sighted from the city	The location of the park is not near anything so the outdoor things are not being utilized like the skate park or the outdoor basketball courts. If that was located at the other side of town, it would be way more useful to the community.	I think the city owns the space and should use the space to develop a year-round fitness/rec centre because one day the drill hall will no longer be available and then the city doesn't need to rent out the Splaisn centre for their events. They will have a dedicated area where they can host all the events and benefit from the profits made on that and an indoor Year-round pool will help the city. Also a year-round ice rink will help with ice times and kids that play summer hockey, etc. it's very shortsighted the way the city thinks about things.

enderby	45-64	n-a	20-times	outdoor-pool,spray-park,playground,open-space	Anything that brings the community to the site. Enderby has a thriving community with a lot of small children. Over time people have either moved back or moved to Enderby with young families because it is somewhat affordable compared to other areas in the Okanagan. Our hockey, baseball programs are bursting at the seams. Provide more for these families to visit this area. Outside of the pool, what about a beach volleyball court or 2? Could start a summer league up. Maybe a walking track around the perimeter of the park? Put better lighting around and throughout the park Other ideas, a large water fountain, could be a center piece to the park. Other shaded areas for seniors, and families with small ones to sit out of the hot sun. In the Winter, what about a cross country ski track around the perimeter	I would have to say the skatepark. We have tried to use it in the past with our children but it's not looked after, weeds are growing everywhere, it's actually a safety concern to some. If you look at the skatepark in Armstrong, it's sunken in and is used quite heavily. Get rid of those huge ramps at our park and model a new skate park after the one in Armstrong.	Skate park, it's an eye sore and safety concern I know this is for Barnes Park, but has the city ever considered building an outdoor rink on the North side of the Arena? On the corner of Kate St and Kildonan Ave. You could tie the rink into the arena ice plant, similar to the outdoor rink in Vernon at Priest Valley. Our family loves outdoor skating in the Winter but unfortunately, it's never cold enough to have ice on the outdoor rink at MV Beattie. I would be a perfect spot. You could even move the zamboni over to the North door of the rink and have it service both ice surfaces, again, just like Priest Valley.

It has been a wasted space since I was a lifeguard at the pool in the 1990s

enderby	45-64	n-a	1-10-times	outdoor-pool,washrooms	I know this may sound odd, but we need a park that even adults can goof around on swings and monkey bars/climbing apparatus. You know how many times I see an adult wanting to be a kid and goof around at a park and actually break something? Many times. (Not me, I know I'm too heavy for kid things) Those "animals" on springs are always being broken at parks by adults wanting to play. We need a playground for ALL ages. To get people moving and just being silly.		
other	45-64	n-a	1-10-times		I live just outside of the boundary in Spallumcheen and frequent Enderby regularly to enjoy the trails and parks. I would love to see some expansion into year round use by installing some year round hot tub and/or sauna facilities. These are very common in places like Iceland and are becoming more common in Canada as well. A few outdoor hot tubs of different temperatures and a cold plunge would be a big draw for year round use for those looking for a wellness opportunity without driving to larger centres and accessing their rec centres at significantly higher rates. Thanks

I'd be happy to volunteer Pilates, and stretch classes. 25 years of teaching experience. Put together a simple seasonal waiver, so anyone with a phone can sign off and host it here on your website.	This is a good step forward. Ive been a resident for 5 years now. The park has been good, I use the exercise equipment regularly and enjoy the green space.
enderby	45-64	n-a	20-times	open-space	If a skate park continues in the park, it needs to be redone properly, from scratch. Same goes for basketball court. More benches, seating, gathering areas with seniors and families in mind.	The "Muzebo" is a lovely storage space. Would not even consider it an amenity. Finding a way forward with the museum to open this to public use would be a huge benefit to the community. It would make a great event venue with high visual exposure. I see no one spending any amount of time gazing through the chain link at the wonders within.	Passive park space needs to be maintained and enhanced. I have a clear view of the park from my home and see the many, many people using the park for family gatherings and parties, parents with little ones gathering daily in nice weather and folks playing with their dogs. It's easy to discount passive park as wasted space if one doesn't observe the daily use of it. Also needed for festivals/special community events.

enderby	45-64	n-a	20-times	outdoor-gym,washrooms,open-space	I am writing on behalf of the residents at Parkview place. They are upset the museum blocks their view of where the children will be playing in the pool. Their suggestion is to move the museum to where the old pool is. They enjoy sitting out on our front patio watching the kids playing in the pool. Not one of their rooms now will have a view of the pool. It is well known that the 3 things older adults in long term care thrive on are CHILDREN, plants and animals. Please take this into consideration as these are long time residents of Enderby.	The most under used amenity according to the residents of Parkview is the museum. They do watch what goes on in the park.	Picnic tables, and more lighting throu out the park. If its lit up, the bad crowds won't hang around at night, it will keep it safer for others to use. Im the Recreation Assistant at Parkview Place, keeping the best intrest of our older adults. When you are considering this, I ask you to keep in mind that we all age, and one day you will be in their shoes. I want them to be happy as they are in their final stage of life.
rural-enderby-area-f	45-64	n-a	1-10-times	muzebo-gazebo-with-large-museum-artifacts,open-space,spray-park,playground	More trees, picnic tables, green space for activities/events Gazebo would be nice to use, similar to the one at Riverside park, more benches in green space area for public to sit and enjoy, pump track to replace skate park - skate park would be better located by the arena.	Muzebo - it would be nice to make it more of a feature with lighting and something to reduce the dirt and leaves that accumulate inside. The museum is planning to add more interpretive signs for the items inside the gazebo once the pool is complete. Events inside the park provide opportunities to open the gazebo to the public.	The new pool will be a fantastic improvement to the park but it also reduces the amount of open community space. So it will be a challenge to find ways to use the park for community events as it has been used in the past. The space left where the current pool and old spray park will need to be redeveloped - perhaps a mix of green space and a sport amenity (basketball, volleyball?). The skate park could use an update to make it more interesting or have it converted back to green space. The museum gazebo is a permanent structure so it would be good to find ways to enhance what is there (as above).
enderby	45-64	n-a	1-10-times	open-space,other-covered-structure		The musebo - if the artifacts could be relocated to a different area in town - the gazebo could be used for private and public functions. rural-enderby-area-f	26-44	0-5	20-times	outdoor-pool,spray-park,playground,washrooms	1. Separation from the highway....a park is not a park when non stop traffic is flowing by....that's a field by a highway. To remedy this introduce a landscape buffer of varying heights and species of trees....an urban forest to shelter the pool and park from the visual and auditory disruption of the highway. 2. A pedestrian link to downtown. We are new to Enderby and like many small communities the town is dominated by vehicles. By linking the park to downtown it would connect the two major "action" points and would breathe life into the entire core. This is actually more important than what happens in the park itself as the new pool and spray park are already enough of an attraction but by linking them, not via the existing sidewalks at street edge, through the mid point of the blocks it would activate this entire area. People would want to visit the park and then walk downtown, visit the library, a coffe shop, restaurant, retail store, grab groceries, etc. all without having to hop in their cars again when parked either by the park or downtown. It would take some land acquisition or right of ways established with existing property owners but this would be absolutely game changing for the vitality of the town core. 3. See items #1 and #2. The urban planning of Enderby is non existent, this is a huge opportunity to drastically improve the core and the publics interaction with it.	The Muzebo and the skate park. The Muzebo is a relic of the past and although history needs to be maintained to a certain extent, its proximity to the highway makes it not ideal to visit due to the road noise. The skate park needs to be modernized with a "skate plaza" approach which creates a more accessible, aesthetically pleasing, and broader user base. A skate park doesn't need to look like a bad 90's music video....they can be modernized all while maintaining indestructibility.	Likely the skate park....it is in rough shape and would not need to cost tons of money for it to be modernized and be a supportive space to the new pool rather than being an eye sore.

Our plan was to approach the city about a redesign and help fundraise if needed. There are nice parks where youth and adults can skate, and kids can bike. We have been driving to Salmon Arm so my husband can skate while our toddler rides his bike. There are always people there using the park and it's a great physical activity.)	The gym equipment I only see kids play on for a few min then they get ignored. - The skate park- as mentioned above, the design is not user friendly. Which is sad because it could be one of the top places used.	The splash park should have the rubber coating (like Armstrong) as al have seen quite a few kids slip and fall. Playground suitable for all ages and disabilities. Toddler area separated with elementary level area for the bigger kids. Better grounds (no pebbles (choking risks with littles) use of rubber/soft ground cover for the playground areas. Covered areas including trees/structures for shade and rain. To be able to stay longer without being to exposed to the elements of weather. Several Undercover structures used for renting a birthday party space for example.	Skate park, built poorly, broken glass is found many, many times. High risk but this area always attracts young kids. The undercover museum artifacts is a waste of precious park space. Could be used for public use for summer events. Rental space for special events. Don't know if the new outdoor pool will have concession, so this space could be used for concession to attract more visitors.	Skatepark, pump track. An area where kids bring their own equipment since there isn't a lot of safe areas to free ride and teach children to use bikes/scooters/rollerblades. Smooth areas and away from traffic is key for this to be a more enjoyable space for all!

enderby	26-44	0-5,6-12	20-times	outdoor-pool,washrooms,spray-park,playground,open-space	The Skate Park is absolutely horrible. If there was a good park there would be somewhere teens can go. The play ground needs a little help. A lot of kids use it. If it was similar to the one in Salmonarm that would be amazing. We need shade. More trees or a shelter with tables under. Everyone uses the park for birthday parties and gatherings and it would be nice not to fight over the little shade there is.	The skate board park is really useless. No one can skate there. It's dangerous, it has weeds growing through it. I seen a homeless man use the little building to prop himself up while he went to the washroom... it's just the worst part of the park. Would be nice to have a new one for the large amount of teens and kids we have.	Skate board park and play ground.
other	26-44	0-5,6-12	1-10-times	outdoor-pool,spray-park	The new pool will be a huge draw to the park for all ages of youth. It would be nice to see an attraction for each age group (0-5, 6-12, 13-18) to keep them in the park after swim time and allow for a full day outing for families. I would like to see an additional play structure area more geared for the 6-12 group. Rejuvenating the skate park could improve retention for the teens group. Also a covered stage area could support an outdoor summer concert series similar to Music by the Bay or Wednesdays on the Wharf that are hosted in neighboring communities.	Muzebo (Gazebo). Items are dirty/dusty and hard to make out and in some cases too small to see well from the perimeter. I think it would get more use as a covered family picnic area.	Create a space for all ages, anchored by the new pool, where families can spend a day together or hangout with others. Utilize a concession stand or food trucks to support food needs and create vendor opportunities. The river float is overwhelmingly Enderby's tourist attraction in the summer. Create a space where families can spend some time before their float or come to after for some live music and food.
enderby	26-44	0-5,6-12	10-20-times	outdoor-pool,spray-park,washrooms,playground,open-space	A newer and safer playground, I'd love to see a toddler playground and a playground for the older kids. Maybe a natural playground would be neat as well! Or an inclusive playground, we could get a playground committee on this and ask for funders. We need to keep the trees in the area for shade, or plant more trees, in the summer the area is really hot and if families don't Have gazebos it makes it too hard to stay for longer periods	I've never seen people on the skatepark, it just looks run down now. Some pools/parks have these little seats in family washrooms that you can buckle littles ones into. Makes life a million times easier when you take yourself + littles to the bathroom to keep them from getting into things or touching things they shouldn't. In a family bathroom it would be nice to have 2 of those seats or a bench to put your diaper bag/toddler on. And a lower sink for handicapped access/toddler access so they can reach the soap/sink.	I'm not sure, I never see anyone at the museum display.	Water Park (some soft impact material around the water Park that doesn't get hot in the sun and is softer for tripping little ones), playground (climbing structure or swings for older kids), enclosed fencing with gates all the way around the park, WASHROOMS - please restructure washrooms to have the entrance facing the play area for both male/female/family so that parents can keep an eye on the playground and washrooms when one kid goes to the bathroom and others are still playing instead of taking all the kids into the bathroom at once.

enderby	26-44	0-5,6-12,13-18	10-20-times	outdoor-pool,outdoor-gym,washrooms,spray-park,skatepark,playground,open-space,other-covered-structure	After talking with a bunch of children that I take care of and children of my own that are older to get a different feel of things that they think are important to have at the park are places for them to sit with families that are shaded and covered. So more trees would be nice, it's important to keep the space somewhere that families can enjoy and children of all ages as there isn't much in this town for the young teens to do.	I think the most underused amenity at the park is the skatepark and that is because after talking with my older daughter who is a skateboarder and goes to Armstrong to use their skatepark said that this one is not very safe. There isn't much to do. It's more of a blacktop. I think if there was a proper skate park added that was safe for all ages. Kind of like the idea of the one in Armstrong and possibly if you want to keep a flat top for basketball players for kids to come down and have some games that would be a great idea too.	I think the top thing that needs to be renewed after talking to the kiddos is shaded shelter. For sure, the skatepark is very top of the list. List older kids in this town. Want to be able to get out and do some fun things too. Not all of them go to the pool to go swimming but it gives them a recreational activity and a safe place to do that. So I think my top picks after listening to the kiddos talk is a skatepark and shaded areas for families to enjoy the space. And possibly an upgrade on the playground equipment?
enderby	26-44	13-18	1-10-times	outdoor-pool,spray-park,skatepark,open-space	A skateboard park that the kids in the community can actually use, safely. A pump track, great for kids of all ages. Maintained green space, open grassy area	The skate park is under used, as it wasn't designed for use by beginner to novice skateboarders or BMXers. It should be redone. Not replaced with something else, redone. There are some extremely bright kids in this community that should be involved and many master plans for skateboard parks that are designed for actual use.	Skateboard park.

					<p>1.) More covered areas with public washrooms (shade for gatherings ie. birthdays, public events) I think the current Muzebo should be returned to just an open structure with the items in it moved elsewhere.</p> <p>2.) Demo & rebuild skateboard park (could it also be a pump track?) . The Armstrong design seems to work great, always in use. Sicamous would be a good reference for pump track.</p> <p>3.) Outdoor Stage / Event Space. The old pool area would be a great spot for this. A raised platform with roof is all I'm thinking with grass area for people to sit, lots of parking & room for food trucks. If a structure is out of budget maybe just an area that an event tent or sun shades can be seasonally set up. This would be great for all kinds of community events.</p>		That's a tough question. I want to say the skateboard park because it's been awful for so long, but I think the greater community would benefit more from the outdoor theatre / event space and you'll have to clean that corner up anyways.

Mostly used as climbing it is not well laid out or properly built.	
enderby	26-44	6-12	20-times	outdoor-pool,washrooms,spray-park,playground,open-space	Basketball court, a pump track for kids to actually be able to ride their bikes instead of trying to ride bikes on the skate park, and public washrooms that are open earlier in the year for families using the playground in March.	The skate park design needs to change/be replaced. A basketball court would likely have heavier use. A pump track similar to what Lumby and Sicamous offer.	The public washrooms could be a little more accessible for families. Open earlier in year and better in design.
enderby	26-44	6-12	20-times	outdoor-pool,spray-park,playground,skatepark,open-space	I really think a properly built skatepark that's not a hazard would be amazing for our community. We currently travel to salmon arm and Armstrong to use there because the one here just isn't safe.	The skatepark could be the hangout spot for our ever growing youth demographic in the community! Something to keep them active and social. But with its poor design that's not somewhere anyone actually utilizes besides little kids climbing up the big ramps to slide down.	The skatepark!

enderby	26-44	6-12	1-10-times	outdoor-pool,spray-park	Needs a new skate park	The skate park was poorly constructed. I bought my son and I skate boards in hoping to learn together at the Enderby skatepark and upon arriving was hugely disappointed. Smooth concrete is needed for safety with small kid friendly features. Much like salmon arm. Which I've only visited a handful of times because the drive is too far. Our skateboards are now collecting dust.

rural-enderby-area-f	26-44	6-12	10-20-times	outdoor-pool,spray-park,playground	Once the pool is complete, a functioning skateboard park or pump track and parking.	Definitely the skateboard park because it isn't safe for most users, if it was more like Armstrong or Salmon Arm than I can see it being used for more than graffiti. enderby	26-44	n-a	10-20-times	outdoor-gym,skatepark,open-space	A new skateboard park should be added to replace the existing one. The existing skateboard park is outdated, deteriorating and dangerous. A pump track would be another great amenity for our youth and community. Pickle ball courts would be a great asset, as the learning curve is subtle and the game is fun and approachable for most ages and skill levels.	The skateboard park and basketball courts are the most under used amenity. The lack of use of the skateboard park is due to its poor design and construction. I've been to many skateboard parks throughout the province and it doesn't take a skateboarder or skate park user to see the drastic difference from our Enderby skate park to neighbouring communities.	The skateboard park should be at the top of the list, as it would create a welcoming and inclusive space for our youth and community, regardless of background or financial circumstances. With a professionally designed and constructed skate park, participation in skate sports and activities would be accessible to everyone. Not only would it be safer, but it would also promote an affordable and enjoyable way to stay active while encouraging positive pastimes for youth. Skateboarding is now an Olympic sport and could provide an inspiring opportunity that helps keep young people focused, motivated, and engaged.

rural-enderby-area-f	26-44	n-a	1-10-times	open-space,washrooms,other-covered-structure	The skate park really would be great for the youth here , but needs to be kept up and maintained. The old one had so many gaps and uneven spots that would catch. Our older youth need things to do in this town and this would be a good option for them. Also more covered picnic areas. Lots use these for large gatherings, birthdays , our firehall tries to use them for our family bbq's and last time it was already in use. Adding another 1 or even 2 would give more families the option to come enjoy the park.	The fitness area. I never see anyone on this and drive by it daily. Would be better used to put a proper play ground maybe with some options for disabled kids. Like the swings that accommodate wheel chairs, or playground equipment with ramps.

I've never seen people using the gym equipment. They're a waste of space in my opinion. The skate board park is awkward, it's not easy enough for beginners and it's not fun enough for more advanced skaters. Just turn it into a basketball court or a hockey rink.	I really think the skate park should turn into a nice outdoor skate rink, open until midnight in the winter with nice lights. There is already a nice concrete foundation there for it.

enderby	26-44		1-10-times	outdoor-pool,spray-park,washrooms	I think a proper skate park would be amazing, one that kids of all ages and adults could use for skateboarding, bikes, scooters ect. The old one is not make of the correct material and is to rough. It needs to be smooth surfaces.. have the kids inputs of what types of things they would like to use. Such a rails to grind on ect..	I myself don't see the outside exercise equipment being used as much as the other things that is only my opinion I may not see that it gets used.	Having some sort of weight to keep the pool open, year-round would be amazing. There is not much for anyone to do in Enderby in the winter months even if you were able to keep the hot pool open..

More trees and tables for families to have picnics 3. Nature wood play structures 4. Pickleball/Tennis courts where the old pool was	The exercise equipment. Maybe off classes on how it can be used. You hardly ever see anybody using that equipment.	Definitely having shaded areas in the park. In Australia and New Zealand these shaded areas are everywhere. They even have them over playground structures in schools. Families could then use the splash park in comfort and shaded from the sun during the hot, summer months.
enderby	65	0-5	1-10-times	outdoor-pool,washrooms,playground,open-space,spray-park	More shade.	The skatepark. It needs to be completely removed. Consider putting in a proper bike pump-track built by Velosolutions.	Skatepark. Don't renew it, remove it.
rural-enderby-area-f	65	0-5	1-10-times	open-space	1. Shaded viewing 2. Picnicing areas with tables && shade, water fountains, BBQ stands 3. Healthy snacks, beverages for sale Extra: Off leash dog walk area around the perimeter or on leash	Open space areas. Could have groomed lawn for people to bring bocci/boules && play Tables in the shade to play checkers/chess	Are washrooms open beyond pool hours? Would security service cost too much to make them safe and appropriately used?

				outdoor-pool,spray-park,washrooms,playground,open-space,other-covered-structure	Lights for crossing and pathway "around" the park for those in wheelchairs, walkers and strollers, with "benches & picnic tables." Trees for shade! It is a beautiful park...I Love it!	The outdoor gym (move or put it in a small area) is it used? Skatepark - is it used? Maybe a facelift? "Or Move?" and turn into parking.	"Easy enhancements" - Trees for shade, picnic tables or benches. "Flashing Lights" to cross highway & path for walkers, wheelchairs... ? Old pool airea - I love the hill there! Family area!?
enderby	65	0-5	20-times		**The Spray Park stay!		
enderby	65	0-5,6-12	20-times	outdoor-pool,open-space	Trees for shade, proper parking.		Trees for shade
enderby	65	0-5,6-12,13-18	10-20-times	spray-park,outdoor-pool,washrooms,open-space,other-covered-structure	1. Clean parking 2. More picnicking tables w/ covers for shade 3. Upgrade skateboarding park - smoother floor - make utilities less steep - see below!	'- the exercise equipment might be included as being underused/ - parking spaces need to be paved and the numbers increased, some more disabled parking closer to the facilities for seniors and others who have compromised mobility issues and/or babies in strollers	The skateboard park needs total renovation! The floor is too rough, the utilities are too steep and lack creativity, safety is compromised, maybe lights would make it more available for more hours. Space for graffiti is critical! *Traffic light at King and Hwy 97
other	65	0-5,6-12,13-18	20-times	outdoor-pool,washrooms,spray-park,playground,open-space	Lots of seating under trees. More garbage cans This park is beautiful and kept clean. It is a pleasure to use this beautiful park		Tables and seating.
rural-enderby-area-f	65	0-5,6-12,13-18	20-times	outdoor-pool,washrooms,skatepark,spray-park,playground,open-space	After a family discussion the crew wants the skate park to stay at Barnes Park. The teens of course wanted to see some sort of food service there. The eight year old hoped that there will be a hot tub or hot pool on the deck like Armstrong pool has. The spray park is well used and should stay. Sorry more than three. The food at the bottom of the list. After forty years of family growing we all still use this park all the time. Remembering the lighthouse slide right now.	The museum. Refreshing it or a new style of containment to better identify what it is.	The skate park. We use it for scooters, Hoover boards bikes and skate boards. I imagine other people also ha e used it for different sports.
enderby	65	13-18	1-10-times	open-space,washrooms,playground,spray-park	Picnic area with tables and barbq grills.	Gazebo. Skate park. Probably the skateboard park. Seldom see it being used.	
rural-enderby-area-f	65	6-12	1-10-times	outdoor-pool,spray-park,playground	Community garden to ensure food security. Fruit forest for public to help themselves to edibles. Benches/Trees for people to sit and enjoy nature.	Playground area could be enhanced to incorporate more use of natural products (look at the one in Chase).	Community Garden to allow individuals to grow their own food.
enderby	65	6-12	20-times	outdoor-pool,spray-park,playground,open-space,skatepark,outdoor-gym,washrooms,other-covered-structure	Pool, spray park, shaded areas with seats/tables	Not sure, we use them all, except muzebo, The pool, not open long enough and the NEW pool is still an outdoor pool, Not a 4 season pool. Vernon charges over \$17 dollars a visit for non Vernon resident. For my wife and I to swim that is \$34 plus the 30 min drive to and from.	Pool, playground, tables/ seats in shaded areas
enderby	65	6-12	1-10-times	skatepark,playground	Provide a Dog off leash area (what happend to the survey for that) upgrade and or remove the gym equipment remove skate board area and add a pumptrack		Make the pool indoor and provide year round access.
enderby	65	6-12	20-times	outdoor-pool,washrooms,spray-park,muzebo-gazebo-with-large-museum-artifacts,playground	More shade at the spray park More benches or picnic tables	Skate park and stage there	Spray park
enderby	65	6-12	1-10-times	outdoor-gym,spray-park,playground,open-space,washrooms	Picnic tables, water fountains, shade trees with roots that dont spread much.	Outdoor gym. More attention to its existence with advertisement may help.	Will get back to you on that, thanks

					1) For general public. Covered picnic tables. For shade and rain. Good Washrooms, More benches. These could be donated by groups or privately in memory of family members. 2) Stage / event area with lighting. For evening events		More picnic tables, seating, covered area. Stage / small event area.
rural-enderby-area-f	65	6-12,13-18	20-times	outdoor-pool,spray-park,playground,outdoor-gym,skatepark,open-space,washrooms	3) lighting	Skate park. It could use a clean up, maybe music.	More lighting for events in the evening. Overall it is a great place. Up keep is good. I am very proud of our park and city.
enderby	65	n-a	1-10-times	spray-park,open-space,outdoor-pool	Shade trees, shade trees, shade trees		
enderby	65	n-a	20-times	outdoor-pool,washrooms	Shade,picnic tables, parking	Skate board park is not built properly for kids to use .and the metal fitness equipment . Shade might help with the use.	Park area And get rid of skate park as waste of space
enderby	65	n-a	20-times	open-space,outdoor-gym,outdoor-pool	1. Open space 2. Open spaces 3. Grassy and shady areas. I would like to keep the open space that remains for people to play frisbee, throw balls for their dogs, play catch with the grandkids, have a picnic, and other unstructured activities.	The outdoor gym, and I have no idea why. It's fun and free and open 24/7 for those of us that get up way too early.	The spray park - it could use some type of shade around it, especially since the trees had to be removed. More trees, or even a sunshade type of roof since trees take a while to root and provide shady areas. I see lots of families using the spray park.
enderby	65	n-a	20-times	outdoor-pool,spray-park,playground,open-space	Picnic area Shade Benches to sit on	Skate park More user friendly	Grounds More trees for shade
enderby	65	n-a	20-times	outdoor-pool,open-space		Adult exercise equipment. Unsure. Perhaps some fitness classes on the yse if equipment. Not sure if anything will help.	Playground and spray park as they seem to get more use.
rural-enderby-area-f	65	n-a	1-10-times		Remove the machinery. Add public washrooms and picnic tables. Plant trees along the highway. Put in sidewalks along old Vernon rd		Pedestrian and bicycle access
enderby	65	n-a	20-times	outdoor-pool,outdoor-gym,washrooms	Pickleball Court. Use the old pool area by filling in the pool and paving or cementing a flat surface for pickleball. Having the washrooms available would be a big plus.	Outdoor gym - move the present equipment to the hill next to the washrooms. Add items/double the number of workstations.	Outdoor Gym equipment should be upgraded and increased.
enderby	65	n-a	20-times	outdoor-pool,outdoor-gym,washrooms,muzebo-gazebo-with-large-museum-artifacts,open-space,other-covered-structure	Off leash dog park area. Private indoor showers/stalls, Indoor or outdoor pickleball courts. Would prefer indoor.	Museum? I think. Not great signage for tourists in its location? Is it part of History tour (like River Walk)?	Indoor Pool and outdoor pool. Year-round hot tubs, sauna.
enderby	65	n-a	1-10-times	open-space,playground,muzebo-gazebo-with-large-museum-artifacts,spray-park	Sani dump for tourists Pedestrian activated crossing light on NW corner connecting to Parkview, medical centre, dentist! Shade trees, benches on south side!	Outside fitness equipment! Get an activity leader like a walking group to meet on weekdays/mornings!	Shaded areas on the south side with benches and fence controlling access from the highway and Vernon Road!
enderby	65	n-a	10-20-times	outdoor-pool,washrooms,playground,open-space	More public washrooms Picnic tables Bike racks Trees for shade	Skate park	Picnic areas/tables
enderby	65	n-a	10-20-times	spray-park,playground,open-space	More little kids things to ride mostly	Skate park, it's terrible	
enderby	65	n-a	20-times	outdoor-pool,washrooms,muzebo-gazebo-with-large-museum-artifacts,open-space	A Pickleball court or two, a very popular sport More picnic tables for families to use, also shaded areas A walking path around the perimeter of the park	The adult equipment needs more advertising	More large trees for shade

enderby	65	n-a	20-times	outdoor-pool	Community Garden Basketball court Some kind of course for kids to ride bikes.	Skate park A new skate bowl where the old pool is.	Community Garden.
enderby	65		1-10-times		what diffrence does it make your going to waste my tax money no mater what i say		
enderby	65		20-times	outdoor-pool	Proper bicycle-skateboard course. Paved parking More shaded areas	Outdoor gym, perhaps more self-organized small groups, as we don't want to be the only one there. The equipment is good and simple to use as is. People could organize their own groups, no cost just get together at a planned time and enjoy some fresh air fitness!	The skateboard area, the kids now use the gazebo which is not that appealing for them.
enderby	65		10-20-times	outdoor-pool,outdoor-gym,washrooms,open-space,playground,other-covered-structure	Proper playground facilities. Some shaded areas maybe a few new larger trees added. The skate park needs to be redesigned properly or replaced . Public bathrooms maybe keep the bathrooms from the old pool for public bathrooms. The green space definitely needs to be protected.	The skate park it needs to be redesigned or replaced a survey of today's kids to determine if a new design would be beneficial or or something altogether different added	Skateboarding park and concession area
enderby	65		10-20-times	outdoor-pool,washrooms,spray-park,open-space,muzebo-gazebo-with-large-museum-artifacts,playground	A full playground setup A band stand for music in the park and school groups or locals Outdoor Basketball courts	Skateboarding facility Needs a full redesign and proper setup	Playground
enderby	65		20-times	outdoor-pool,muzebo-gazebo-with-large-museum-artifacts,other-covered-structure	A walking path around the perimeter flanked by bushes and flowers. The skatepark needs to be replaced. It's dangerous and an eye sore. Give the kids something to do!	The exercise equipment and skateboard park. There probably isn't room, but the skateboard park needs to be more challenging - like Armstrong's.	More playground activities.
enderby	65		20-times	outdoor-pool,outdoor-gym	Shade trees, lots of shade trees around the pool, the outdoor gym and the open area. Enough parking.	The skatepark is primarily used for graffiti and homeless guys. Take examples from Armstrong, Salmon Arm, Nakusp, etc. They are all well used by boys and girls. There is so little in this town for them to do.	Skatepark. Area where people can come together as families, picnic tables in a little larger quantity. Maybe some outdoor music entertainment to enjoy while at the park (similar to Farmer's Market), at various times. Some local musicians may be willing to volunteer or very small cost.
enderby	65		1-10-times	outdoor-pool,washrooms,spray-park,open-space	Sitting area/picnic tables near pool,some under cover. BBQ area Open space for events	Gazebo?	
enderby	65		10-20-times	outdoor-pool,washrooms	An indoor pool . PLEASE turn the old pool into an indoor pool	It's all used , we need space to just walk around and enjoy the park . We have less and less green space to enjoy.	Trees and seating
enderby	65		1-10-times	outdoor-pool,open-space,other-covered-structure	Covered swimming pool so it can be used year round	The exercise machines , have them under cover so they are sheltered from the sun , the metal gets hot	Enclosed swimming pool to be used year round Covered picnic areas
enderby	65		20-times	outdoor-pool,open-space,outdoor-gym	More green space with shade trees. Improve skate park. Armstrong has an awesome one and it is well used. Gazebo would be a nice addition.	I suspect the outdoor museum. - more accessible displays	Skate park.

					Skateboard area. Too steep etc Improvements / redo.	
					Walking circuit using road crush, not cement, dogs allowed. Lighting early a.m. and evening	
enderby	65	20-times	outdoor-pool	More picnic tables with cover, sun protection		Skateboard area
enderby	65	20-times	outdoor-pool,washrooms	Parking Area	Skateboard Park	Sauna Tub
				Pickleball Courts		Pickeleball courts here and elsewhere
				Some kind of improved skatepark/bikepark with improved usability		
enderby	65	1-10-times	outdoor-pool	Picnic area	Skatepark - seems unusable	Tennis court also, somewhere not on a school property
